KEY FEATURES

Bossklein B70gel is a fast acting medical grade hand disinfectant gel. Suitable for everyday use with added Aloe Vera to actively moisturise the skin.

- 30 second contact time
- 70% Alcohol
- Contains Aloe Vera
- Kills 99.9% of bacteria and viruses
- Virus tested EN 14476
- Active against Coronavirus
- Real world EN 1500 tested
- Dermatologically tested
- Clear in colour - dye free

With a high alcohol content of 70% and a short contact time of only 30 seconds, Bossklein B70gel provides clinical performance with minimal effort.

The highly effective solution is EN 14476 virus tested and proven to be active against all enveloped viruses, including Coronavirus. Unlike many other "high street" hand sanitisers, B70gel has true medical/hospital grade performance with the ability to protect against both Adeno 5 and Marine noro viruses

Suitable for frequent use with the inclusion of both Aloe Vera and Vitamin E alongside full dermatological testing. This ensures hands are not only pathogen free but remain moisturised and fresh all day long.

Real world EN 1500 testing for proven efficacy on skin/hands gives total hand hygiene confidence.

Bossklein B70gel is completely free from dyes ensuring maximum compatibility with minimum risks. The natural aroma has a hint of Aloe Vera, leaving hands feeling fresh.

COMPOSITION

Ethanol (64-17-5) 70% w/w (700g/kg), Aqua, Glycerine, Carbomer, Aminomethyl propanol, Aloe Barbadosensis Leaf Juice, Vitamin E Acetate, Perfumes.
